The status of the grounds of rejection to be reviewed remains as recited in Applicants' Appeal Brief, originally filed May 15, 2009.

III. APPELLANT'S COMMENTS

Under 37 C.F.R. § 41.41, Appellants are not required to file a reply to the Examiner's Answer. However, Appellants hereby respectfully submit this Reply Brief as Appellants wish to note that the Examiner has not included any new arguments or grounds for rejection in the Examiner's Answer, but has simply maintained and substantially repeated the same arguments the Examiner asserted in the previous Office actions. Accordingly, Appellants still respectfully maintain that the claims as recited in Appellants' Brief are still allowable over the cited references.

Appellants further respectfully submit that this Reply Brief does not include any new or non-admitted amendment, or any new or non-admitted affidavit or other evidence, as required under § 41.41.

IV. CONCLUSION

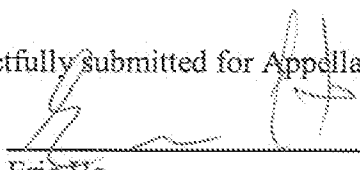

For all of the above reasons as well as the reasons previously submitted by the Appellants, the Appellants submit that the claims on appeal are patentable under 35 U.S.C. § 103(a) over the cited references. Thus, the Appellants respectfully request the Honorable Board to reverse the rejections.
